

Boardroom Brilliance Program

Accelerate Boardroom Effectiveness and Impact

“What characteristics define your most valuable board member?”

Led by industry leaders with extensive corporate board experience, illumyn’s Boardroom Brilliance Program accelerates board effectiveness by cultivating MVP board member characteristics sourced from hundreds of off-the-record conversations with CEOs, C-level executives and board leaders.

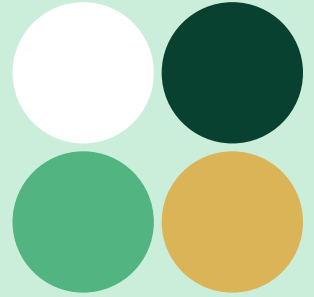

“I cannot tell you how much I appreciated having the opportunity to participate in this cohort with such accomplished and savvy directors. I found the format to be informative as well as flexible, which made the sessions feel personalized to our group. I know I have developed some relationships that I will carry far into the future.”

— Pamela Neferkara

The boardroom journey can be challenging for those who lack the traditional networks needed to secure a board seat. We are changing that.

Boardroom Brilliance Overview

A Cohort for new Board Directors to Accelerate Effectiveness

- Engage with real-world board experts from the Him For Her network
- Make valuable peer-to-peer connections in small-group, off-the-record discussions
- Gain insights and hone skills via storytelling and facilitated learning - the most effective method of executive education
- Apply actionable learnings from in-session peer coaching

“Loved having a cohort to experience the process with — the topics each month were helpful to focus on key skills. I also liked the breakout rooms so we could all get to know each other on a deeper level.”
— *Rachel Fish*

Program Details

Six on-camera, off-record Zoom working sessions with your fellow cohort members to hone in on six key boardroom MVP traits, two hours each over the course of three months:

Session 1 - Acts like overseer

Session 2 - Asks thoughtful questions

Session 3 - Invests the time

Session 4 - Translates experience

Session 5 - Maintains High Signal to Noise

Session 6 - The Journey Continues
